CIRCULAR

On perusal of auction reports of sellers and buyers in the e-auctions submitted by auctioneers, it is noted at many times that same dealer has pooled the cardamom and the same dealer has purchased the same lot which he himself has put into auction. This clearly indicates the unethical practices followed by some of the dealers to manipulate the system, which will, in turn, adversely affect the interest of the growers.

In view of the above, auctioneers are directed to ensure that no dealer shall be allowed to purchase the same lot pooled by him in any auction.

This Circular shall come into force with immediate effect.
