Buyer Seller Meet on Spices

Spices Park, Chhindwara, M P

16th December 2025

India is the leading producer, consumer, and exporter of spices in the world. During 2024–25, the country exported 17,99,267 MT of spices and spice products valued at ₹39,994.48 crore (US\$ 4,722.65 million). The major contributors to India's spice export basket include Chilli, Cumin, Spice Oils & Oleoresins, Mint Products, Turmeric, Curry Powder, Small Cardamom, Black Pepper, and Nutmeg.

Spices Board (Ministry of Commerce & Industry, Government of India) has been undertaking various activities and organizing programmes for the development and export promotion of Indian spices. The Board implements a range of programmes / initiatives to support the export of spices, such as research and development programmes for cardamom, post-harvest quality upgradation of spices, export promotion, training programmes for farmers, FPOs, exporters and other stakeholders, etc.

Board also actively promotes the Geographical Indication (GI) spices, by offering handholding support to FPOs and ICS farmer groups to ensure proper registration as authorized GI users. This initiative enhances the visibility, market value, and competitiveness of these unique spices, enabling producer groups to fully leverage the benefits of GI certification.

In response to the growing demand for premium spices, the Spices Board is organizing a Buyer–Seller Meet to showcase the spice produce of the Madhya Pradesh region, scheduled to be held on 16 December 2025 at Spices Park, Chhindwara, Madhya Pradesh. The event will provide a platform for interactions among stakeholders, with a focus on Chilli, Coriander, Ginger, and Garlic. It will bring together progressive farmers, Farmer Producer Organizations (FPOs), processors, and traders from Madhya Pradesh, along with exporters from across the country. The list of participants is as follows:
