India is the leading producer, consumer and exporter of spices in the world. The major contributors in the spices export basket are Chilli, Cumin, Spice oil & Oleoresins, Mint Products, Turmeric, Curry powder, Cardamom(small) and Pepper.

Kerala renowned as the "Land of Spices" and historically popular for its Spice Trade is situated in the Malabar Coast of India. Kerala holds a significant position in the spices sector of India. The state is the major producer of Small Cardamom and Idukki district alone produces 22868.54 MT, contributing 90% share of the total production in the country. Other spices grown in Kerala include Black Pepper, Ginger, Turmeric, Tamarind, Vanilla, Cloves, Nutmeg, Cinnamon, Garlic etc. Kerala produces spice varieties with high intrinsic qualities such as Alleppey green cardamom, Alleppey finger turmeric, Cochin ginger, Malabar pepper etc., which fetches a premium price in the international markets. Kerala's Malabar Black Pepper, Alleppey Green Cardamom and Edayur Chilli have received Geographical indication status. The State is blessed with major ports at Cochin and Vizhinjam (Thiruvananthapuram) and main spices market is at Mattancherry (Cochin coast) and Kumily (High ranges).

Spices Board (Ministry of Commerce & Industry, Govt. of India), is the flagship organization for the development and export promotion of Indian spices. The Board has been implementing various programmes such as research and

development programmes for cardamom, post-harvest improvement programmes for promoting adoption of latest technology in spice processing, and quality improvement training programmes for the growers / Farmer Producer Organization/ Farmer clusters / exporters and other stakeholders of spices sector.
