# मसालों के लिए क्रेता-विक्रेता बैठक BUYER SELLER MEET FOR SPICES

होटल ट्रीन्ज़, रांका, गंगटोक, सिक्किम / Hotel Treenz, Ranka, Gangtok, Sikkim.

25-11-2025

India is the leading producer, consumer, and exporter of spices in the world. During 2024–25, the country exported 17,99,267 MT of spices and spice products valued at ₹39,994.48 crore (US\$ 4,722.65 million). The major contributors to India's spice export basket include Chilli, Cumin, Spice Oils & Oleoresins, Mint Products, Turmeric, Curry Powder, Small Cardamom, Black Pepper, and Nutmeg.

Sikkim, celebrated as India's first fully organic state, together with the hill districts of West Bengal, offers exceptional potential for the cultivation of high-value agricultural and horticultural crops. The region's rich biodiversity, pristine environment, and favourable climatic conditions create an ideal ecosystem for sustainable farming and the production of premium-quality spices. Large cardamom, the distinctive red cherry pepper (Dalle Khursani), ginger, turmeric, black pepper, tejpat (Indian bay leaf), etc are the major spices that thrive in this terrain, contributing significantly to the local agricultural economy and enjoying strong demand in both domestic and international markets.

Large cardamom, believed to have originated in Sikkim, received the Geographical Indication (GI) tag in 2015 as Sikkim Large Cardamom. The state remains India's largest producer of this spice, with cultivation also spread across the adjoining hilly districts of West Bengal.

Sikkim was also awarded a GI tag in 2021 for Dalle Khursani, a distinctive chilli pepper known for its vibrant red colour, pleasant aroma and intense heat, ranging from 100,000 to 120,000 SHU. It is widely used in preparing pickles, sauces and various traditional culinary products, making it highly sought after in the global spice market.

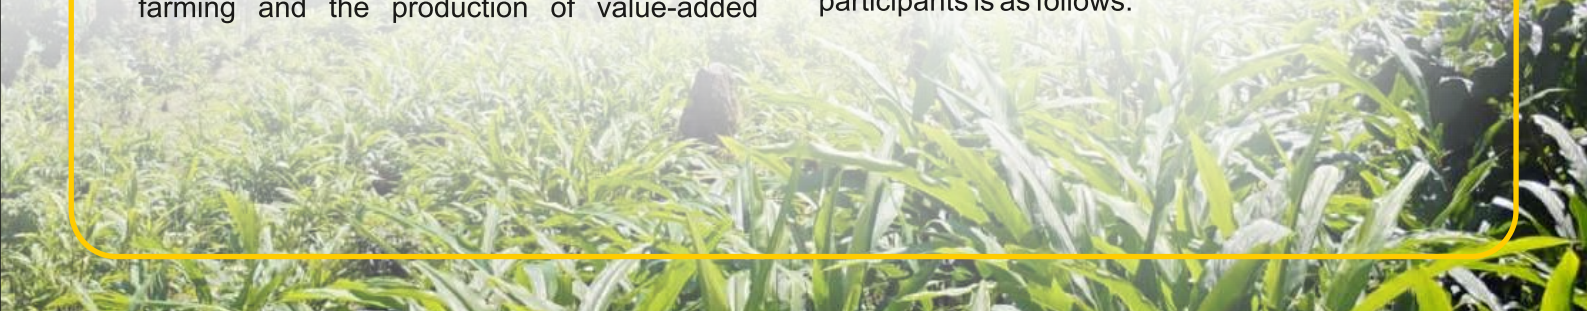

The spices sector of the Sikkim Region not only strengthens the local economy through organic farming and the production of value-added

products but also contributes significantly to India's global reputation as a leading exporter of high-quality spices.

Spices Board (Ministry of Commerce & Industry, Government of India) has been undertaking various activities and organizing programmes for the development and export promotion of Indian spices. The Board implements a range of programmes / initiatives to support the export of spices, such as research and development programmes for cardamom, post-harvest quality upgradation of spices, export promotion, training programmes for farmers, FPOs, exporters and other stakeholders, etc.

Board also actively promotes the Geographical Indication (GI) spices, by offering handholding support to FPOs and ICS farmer groups to ensure proper registration as authorized GI users. This initiative enhances the visibility, market value, and competitiveness of these unique spices, enabling producer groups to fully leverage the benefits of GI certification.

In response to the growing demand for premium spices, the Spices Board is organizing a Buyer Seller Meet to showcase the spice produce of the Sikkim region, scheduled to be held on 25 November 2025 at Treenz Hotel, Ranka, Gangtok. The event will provide a platform for interactions among stakeholders, with a focus on large cardamom, Dalle Khursani, ginger, and turmeric. It will bring together progressive farmers, Farmer Producer Organizations (FPOs), processors, and traders from Sikkim and the adjoining hill districts of West Bengal, along with exporters from across the country. The list of participants is as follows:

## List of Participants

### a) Details of Buyers

Sl No	Name & Address	Contact Number	Email ID
