Committee on Sanitary and Phytosanitary Measures

Original: English

## NOTIFICATION

### Addendum

The following communication, received on 21 April 2026, is being circulated at the request of the Delegation of The Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu.

#### Standards for Pesticide Residue Limits in Foods

The Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu proposed to revise the "Standards for Pesticide Residue Limits in Foods" on 9 January 2026 ([G/SPS/N/TPKM/656](https://members.wto.org/crnattachments/2026/SPS/TPKM/26_02144_00_x.pdf)). The final amendments take effect on 21 April 2026.

[https://members.wto.org/crnattachments/2026/SPS/TPKM/26\\_02144\\_00\\_e.pdf](https://members.wto.org/crnattachments/2026/SPS/TPKM/26_02144_00_e.pdf)

#### **This addendum concerns a:**

- Modification of final date for comments
- Notification of adoption, publication or entry into force of regulation
- Modification of content and/or scope of previously notified draft regulation
- Withdrawal of proposed regulation
- Change in proposed date of adoption, publication or date of entry into force
- Other:

**Comment period: (If the addendum extends the scope of the previously notified measure in terms of products and/or potentially affected Members, a new deadline for receipt of comments should be provided, normally of at least 60 calendar days. Under other circumstances, such as extension of originally announced final date for comments, the comment period provided in the addendum may vary.)**

- Sixty days from the date of circulation of the addendum to the notification and/or (dd/mm/yy): Not applicable

**Agency or authority designated to handle comments:  National Notification Authority,  National Enquiry Point. Address, fax number and e-mail address (if available) of other body:**

Animal and Plant Health Inspection Agency, Ministry of Agriculture

**Standards for Pesticide Residue Limits in Foods** (Amendment part)

## Article 3

## Appendix Table 1

## Pesticide Residue Limits in Foods

| No. | Pesticide Name      | Crop Category           | Maximum Residue Limit (ppm) | Remark      |
|-----|---------------------|-------------------------|-----------------------------|-------------|
| 1.  | Abamectin           | Coriander leaves        | 0.05                        | Insecticide |
| 2.  | Abamectin           | Fennel leaves           | 0.05                        | Insecticide |
| 3.  | Abamectin           | Mesona                  | 0.05                        | Insecticide |
| 4.  | Abamectin           | Mints                   | 0.05                        | Insecticide |
| 5.  | Afidopyropen        | Pumpkin                 | <u>0.15</u>                 | Insecticide |
| 6.  | Afidopyropen        | Summer squash           | <u>0.15</u>                 | Insecticide |
| 7.  | Afidopyropen        | Bitter melon            | 0.15                        | Insecticide |
| 8.  | Afidopyropen        | Luffa                   | 0.15                        | Insecticide |
| 9.  | Afidopyropen        | Wax gourd               | 0.15                        | Insecticide |
| 10. | Afidopyropen        | Bottle gourd            | 0.15                        | Insecticide |
| 11. | Afidopyropen        | Vegetable pear          | 0.15                        | Insecticide |
| 12. | Afidopyropen        | Oriental pickling melon | 0.15                        | Insecticide |
| 13. | Afidopyropen        | Gac fruit               | 0.15                        | Insecticide |
| 14. | Afidopyropen        | Watermelon              | 0.03                        | Insecticide |
| 15. | Bifenthrin          | Coriander leaves        | 1.0                         | Insecticide |
| 16. | Bifenthrin          | Fennel leaves           | 1.0                         | Insecticide |
| 17. | Bifenthrin          | Mesona                  | 1.0                         | Insecticide |
| 18. | Bifenthrin          | Mints                   | 1.0                         | Insecticide |
| 19. | Buprofezin          | Coriander leaves        | 1.0                         | Insecticide |
| 20. | Buprofezin          | Fennel leaves           | 1.0                         | Insecticide |
| 21. | Buprofezin          | Mesona                  | 1.0                         | Insecticide |
| 22. | Buprofezin          | Mints                   | 1.0                         | Insecticide |
| 23. | Cartap              | Fennel leaves           | 2.0                         | Insecticide |
| 24. | Chlorantraniliprole | Broad bean (dry)        | 0.3                         | Insecticide |
| 25. | Chlorfenapyr        | Fennel leaves           | 1.0                         | Insecticide |
| 26. | Chlorfluazuron      | Coriander leaves        | 2.0                         | Insecticide |
| 27. | Chlorfluazuron      | Fennel leaves           | 2.0                         | Insecticide |

| <b>No.</b> | <b>Pesticide Name</b> | <b>Crop Category</b> | <b>Maximum Residue Limit (ppm)</b> | <b>Remark</b> |
|------------|-----------------------|----------------------|------------------------------------|---------------|
| 28.        | Chlorfluazuron        | Mesona               | 2.0                                | Insecticide   |
| 29.        | Chlorfluazuron        | Mints                | 2.0                                | Insecticide   |
| 30.        | Cyantraniliprole      | Almond               | 0.03                               | Insecticide   |
| 31.        | Cyantraniliprole      | Pecan                | 0.02                               | Insecticide   |
| 32.        | Cyantraniliprole      | Carrot               | 0.08                               | Insecticide   |
| 33.        | Cyantraniliprole      | Grapefruit           | 0.5                                | Insecticide   |
| 34.        | Cyantraniliprole      | Lemon                | 0.5                                | Insecticide   |
| 35.        | Cyantraniliprole      | Orange               | 0.5                                | Insecticide   |
| 36.        | Cyantraniliprole      | Cranberry            | 0.08                               | Insecticide   |
| 37.        | Cyantraniliprole      | Coffee bean          | 0.02                               | Insecticide   |
| 38.        | Cyenoxyfen            | Cantaloupe           | 0.3                                | Acaricide     |
| 39.        | Cyenoxyfen            | Melon                | 0.3                                | Acaricide     |
| 40.        | Cyhalothrin           | Coriander leaves     | 1.0                                | Insecticide   |
| 41.        | Cyhalothrin           | Fennel leaves        | 1.0                                | Insecticide   |
| 42.        | Cyhalothrin           | Mints                | 1.0                                | Insecticide   |
| 43.        | Cyromazine            | Coriander leaves     | 1.0                                | Insecticide   |
| 44.        | Cyromazine            | Fennel leaves        | 1.0                                | Insecticide   |
